

# Pilgrim Lutheran Church and School COVID-19 Protocols

In our efforts to accomplish the dual purposes of faithfully gathering to receive God's gifts in worship and return praises to him, and to comply with the "light, momentary afflictions" brought on by the emergence of COVID-19, Pilgrim Lutheran Church and School are implementing the following protocols for worship and other gatherings at our facilities:

- 1) As the state serves as authority in God's temporal realm, Pilgrim honors the left-hand realm's reign.
- 2) The wearing of a face mask is required at all Pilgrim services and events, including worship services, Bible studies, and school functions.
- 3) Social distancing is provided by certain pews being marked as "closed."
- 4) Pilgrim encourages all who are feeling ill of any kind to worship with us at our website, [pilgrimluth.org](http://pilgrimluth.org), or on our Facebook page.
- 5) Pilgrim is providing sanitizing of the sanctuary between each group usage, including between each church service or other events.
- 6) Pilgrim is offering a special communion opportunity at 9:30 each Wednesday for those who would like to receive communion, but are unable/uncomfortable to gather at worship services.
